Re: HM232 Haz-Mat Security Plan

Revere Transportation Solutions, LLC certify that we are in compliance with all requirements Pertaining to the Transportation of Hazardous Materials. As required by the Department of Transportation HM232 Haz-Mat Security Plan regulations according to CFR49. Parts 107, 171, 172, 173, and 177.

Security Plan includes but not limited to:

- Training for all employees who are involved in the movement of Hazardous Material.
- Documentation of all training initial and recurrent.
- Do a complete background check on each driver, DOT, MVR, PSP and Criminal.
- Recurrent Security Assessments by a third party.
- Implementation of one point of entry and sign in for each visitor to our facility.
- Each employee will be given a copy of our company procedures in regard to movement of hazardous material. Including in-depth security training for in route transportation.
- The DHS will be posted in the driver's area and updated when necessary.
- Employees will be given information on how to handle any crisis involving a hazardous material incident. They will also be provided with the means to contact someone when and if an incident does occur.
- This plan may be subject to a revision if and when any changes to the safe transportation of hazardous materials is implemented.

Thank you,

June Brown  
Safety and Compliance Manager
